Course Modules

Studio and Project Work Module

This module includes private instruction with a mentor, the creation of your own artistic work support group, project work in our professional recording studio and sound lab, and performances/installations in RAUM. Your work will also be showcased in an event at the Errant Sound art gallery and you will have the opportunity to produce a show for our radio program with Colaboradio on FRBB 88.4. Studio and Project Work is designed to launch your artistic career by gaining access to prestigious institutions with an impressive portfolio.
